| Total Individuals | 4299 | | | | |
| Total Species Reported | 44 | | | | |

cw = Reported count week
 US = Flagged as an unusual species
 HC = Flagged as an unusually high count
 LC = Flagged as an unusually low count

Species Requiring Rare Bird Reports to be Submitted to Regional Editor

Species

Ovenbird [*Seiurus aurocapilla*]

Chipping Sparrow [Spizella passerina]

Special Aspects

Cold front moved in freezing water bodies . Many waterfowl moved away to locate other water sources. Finches from north included Pine and Evening Grosbeaks both uncommon but seen on other years. Absence of Purple finches over Christmas but seen in November. Overall lowest number of birds in 10 years, two new birds added Ovenbird and Chipping sparrow to our growing list. Good human participation this year with some new recruits .
