Total Species Reported	61				

cw = Reported count week
 US = Flagged as an unusual species
 HC = Flagged as an unusually high count
 LC = Flagged as an unusually low count

Species Requiring Rare Bird Reports to be Submitted to Regional Editor

Species

Hermit Thrush [*Catharus guttatus*]

Red Crossbill [*Loxia curvirostra*]

Hoary Redpoll [*Acanthis hornemanni*]

Special Aspects

Covid factor resulted in more participation in field and feeder watching and more feeders with food to attract birds. Better weather added to the abilities of everyone to see more birds. Northern finches added to the species count making this our highest count so far.
